fourney. There is a wide-field here for the temperance workers, especially to save these multitudes of boys who are taking their first lesson in drunkenness and sin. God grant them success in the work, is the prayer going up from many hearts. From all we can learn, the festival, con-tinued for three nights, did not pan out as well as was desirable.

The revival among the colored friends is still in progress, with increasing power, but to the shame of the "pale faces" be it said, crowds of whiles go there night after night for fun and froile, and bad behavior marks the conduct of too many.

The protracted meeting in the Baptist Church, conducted by the pastor, Dr. Sedgwick, is still progressing, with encouraging prospects, and though in progress for three weeks the local of our Nesset? has never heard it, though noticing the colored every week. It is a fact well established by unquestionable testimony that Hall's Hair Renewer renews, cleanses, brightens, invigorates and restores to its original color and lustre, faded gray or discolored hair, cheaply, quickly and surely. The poorest people prefer to buy it and use it, rather than to proclaim in a manner more foreibe than words can delineate, through blanched locks or grizzly beard, that they are aged and passing to decay. A very short trial will convince the most skeptical that it does eradicate the scalp diseases which rob the hair of its color and life.—Fort Scott (Kun.) Daily Monitor.
